Dear Starcraft Dealer:

This notice is sent to you in accordance with the requirements of the National Traffic and Motor Vehicle Safety Act.

Defect Involved

Starcraft has decided that certain Model Year 2014 17FB and 17SB Launch travel trailers manufactured with the Extreme Package Option fail to comply with Federal Motor Vehicle Safety Standard number 119, "New Pneumatic Tires for Motor Vehicles with a GVWR of more than 4,536 kilograms (10,000 pounds) and Motorcycles. Effected units were manufactured between May 5, 2013 and December 9, 2013. The Federal Id label and Tire Label incorrectly note the tire size as 14C when the correct tire size on the trailer is "15C". Incorrect tire size could lead to excessive wear and may cause instability in towing of the travel trailer which could contribute to vehicle crash causing personal injury or property damage.

The remedy for the effected vehicles is for Starcraft to reprint and reissue all labels noting the correct tire size as "15C". Enclosed with this notification are the corrected Federal Certification Label and Tire Label that must be placed on the effected travel trailers that are currently in your inventory. Our records show the following 2014 Starcraft Launch Travel Trailers are currently stock units at your dealership:
