Dear Starcraft Dealer:

This notice is sent to you in accordance with the requirements of the National Traffic and Motor Vehicle Safety Act.

### **Defect Involved**

Starcraft has decided that a defect which relates to motor vehicle safety exists in certain 2014 Starcraft Launch 17FB and 17SB travel trailers manufactured with the Extreme Package Option. These units were manufactured between May 5, 2013 and December 9, 2013. Incorrect information regarding the tire size is present on the labels currently on the travel trailers. The tire size is noted as 14C when the correct size is "15C". This could allow a smaller tire to be installed on the trailer could lead to excessive wear and may cause instability in towing that could contribute to personal injury or property damage.

The remedy for the effected vehicles is for Starcraft to reprint and reissue all labels noting the correct tire size as "15C". Enclosed with this notification are the corrected Federal Certification Label and Tire Label that must be placed on the effected travel trailers that are currently in your inventory. Our records show the following 2014 Starcraft Launch Travel Trailers are currently stock units at your dealership: *Serial Number Listing*

### **Dealer Campaign Responsibility**

All unsold trailers in your possession that are subject to this campaign must be held and repaired per the service procedure of this recall campaign bulletin **before** owners take possession of these vehicles.

**Federal law requires that all units in your inventory be repaired prior to delivery to a customer. If you have sold a unit recently that you have received a stock recall notice on, please contact the owner immediately to advise of the recall. In addition, please register the unit by submitting the Warranty Registration information to Starcraft.**
