SAFETY RECALL NOTICE

To: All dealers

Landi Renzo USA has decided that a defect, which relates to motor vehicle safety, exists in certain 2011-2014 model year Ford E-150/250/350 vehicles equipped with Landi Renzo CNG components. Accordingly, a recall to address this issue is being initiated effective February 24, 2014.

There have been cases that have shown extended wear on the ears of the rear side arm brackets that support the rear CNG cylinder cradles assembly will develop cracks and break. This occurrence has been observed involves vehicles with high mileage. This issue could cause the CNG cylinder to become dislodged from the vehicle.

Owners will be notified by mail about the recall and will be instructed on where to take their vehicle to be repaired. There is no cost to the customer regarding this recall.

Upon request all dealers will be shipped parts by next day air. We advise all dealers to have the customer make an appointment and return when the parts are available. The service instructions will be sent to dealers shortly. The flat rate labor allowance for this inspection/replacement service is 1 hour. Please follow the regular warranty claim procedures to make a claim for the services rendered.

Please be reminded that it is a violation of Federal Law for you to sell or lease the vehicles or equipment covered by this notification until this recall has been performed on them. Substantial civil penalties apply to violations of this law.

Your assistance with this recall is appreciated. Should you have any questions or concerns, please contact:

Phone: (855) LANDI00 or (855) 526-3400
