URGENT - DISTRIBUTE IMMEDIATELY

Date: September 11, 2014

Subject: 14620 - Noncompliance Recall – Stop Delivery Until Completion of Recall - Park Brake Cable Not Connected

Models: 2015 Chevrolet Corvette

To: All Chevrolet Dealers

Attention: General Manager, Service Advisor, Service Manager, Parts and Service Director, Parts Manager, New Vehicle Sales Manager, and Warranty Administrator

General Motors is releasing Noncompliance Recall 14620 today.

It is a violation of Federal law for a dealer to deliver a new motor vehicle or any new or used item of motor vehicle equipment (including a tire) covered by this notification under a sale or lease until the defect or noncompliance is remedied.

All involved vehicles that are in dealer inventory must be held and not delivered to customers, dealer traded, or used for demonstration purposes until the repair contained in the attached bulletin has been performed on the vehicle.

Certain 2015 model year Chevrolet Corvettes may fail to conform to S7.12 of Federal/Canada Motor Vehicle Standard (CMVSS/FMVSS) 135 (parking brake). Some of these vehicles have been built without one of the rear parking brake cables fully seated and engaged. In this condition, the parking brake will only operate on one of the rear brake drums leading to a reduction in the parking brake's operational capability. This reduction in operational capability may cause the vehicle to roll away if parked on a steep gradient, which would render a vehicle noncompliant with CMVSS/FMVSS 135 and increase the risk of a crash.

An attached file provides the Vehicle Identification Number (VIN) of the involved vehicles that have been identified as currently being in dealer new vehicle inventory. It is sorted by dealer Business Associate Code (BAC) for easy reference. Your dealership's BAC will not be listed if none of the involved

vehicles are currently in your new vehicle inventory. A file identifying involved vehicles in dealer used inventory is not available. The total number of U.S. vehicles in dealer stock is approximately 700.

**Customer Letter Mailing**

The customer letter mailing will begin in the near future.

**Global Connect (GWM)**

The "Investigate Vehicle History" (IVH) screen will be updated in the near future. A list of involved vehicles in dealer inventory is attached to this message.

**Campaign Initiation Detail Report (CIDR)**

The CIDR will be available in the near future.

END OF MESSAGE
