**NOTIFICATION OF SAFETY RECALL P050
(NHTSA # 14V618): TIRE PRESSURE MONITORING
SYSTEM WARNING LAMP ILLUMINATED**

**SERVICE
BULLETIN**

07-OCT-14 | NO.: SRE14-08 | SECTION: RECALL | MARKET: USA

Jaguar Land Rover North America, LLC has informed the National Highway Traffic Safety Administration (NHTSA) of its intent to perform a voluntary Safety Recall involving certain 2013-2014 model year Land Rover LR4 and 2014 model year Land Rover Range Rover Sport, and Range Rover vehicles imported into the United States market. Information relating to the Recall will be posted on the National Highway Traffic Safety Administration website.

United States Federal regulations require that retailers must be advised of this Recall notification within three working days after government notification.

United States Federal law requires retailers to complete any outstanding safety Recall service before a new vehicle is delivered to the buyer or lessee. Violation of this requirement by a retailer could result in a civil penalty of up to \$7,000.00 per vehicle.

This Recall Service Bulletin serves as notification to all Land Rover retailers in the United States that any affected new vehicles may not be sold and delivered for customer use until the Recall repair is completed.

AFFECTED VEHICLES

Approximately 3,114 2013-2014MY Land Rover LR4 (L319), 15,118 2014MY Range Rover Sport (L494), and 9,784 2014MY Range Rover (L405) vehicles in the USA are affected.

The VIN ranges of the affected vehicles are:

- LR4 (L319) SALAG2D44DA692894- SALAK2V66EA726009
- Range Rover Sport (L494) SALWR2WF4EA312792-SALWG2WF2EA383012
- Range Rover (L405) SALGS2EF2EA136853-SALGS2WFXEA180114

See attached list of unsold (as of 6 October 2014) affected vehicles.

DESCRIPTION OF DEFECT

The Tire Pressure Monitoring System (TPMS) warning lamp may flash, accompanied by the message 'TPMS system fault' on the Instrument Cluster, as a result of a failure of the TPMS sensor localization process. During the failed period, tire pressure loss will not be reported to the driver.

EFFECT ON VEHICLE OPERATION

Vehicle wheels that are not being monitored by the TPMS may lead to the tire(s) being significantly under inflated. Driving with tires significantly under inflated can lead to loss of vehicle stability and increase the risk of a crash.

Jaguar Land Rover is not aware of any reports of accidents or injuries attributed to this condition.

SERVICE PROGRAM / REWORK ACTION

Owners will be notified and instructed to take their vehicle to a Land Rover retailer who, in the case of 2014MY LR4, Range Rover Sport, and Range Rover vehicles, will download the latest level of Central Junction Box (CJB) [also known as Body Control Module (BCM)] software. Uniquely for 2013MY LR4 vehicles the software level is not compatible for the particular software version used on 2014 MY vehicles, therefore, Land Rover dealers will replace the wheel sensors built to the latest specification.

There will be no charge to owners for this repair.

OWNER NOTIFICATION

Mailing of owner notification letters will occur on or before 1 December 2014.

ACTION TO BE TAKEN

Retailers are required to check DDW to ensure a vehicle is affected by Program Code 'P050' and **HOLD** all affected new vehicles in your control and withhold them from onward distribution pending completion of the rework action. Sold vehicles will be subject to the standard Recall notification and Recall bulletin process detailing the action required for vehicles in the hands of owners.

Retailers are advised that the use of vehicles within the affected model year / VIN range as Sales Demonstrator or Service Loaner vehicles may be considered a violation of Federal legislation. Jaguar Land Rover North America, LLC recommends against using affected vehicles for demonstrator or loaner purposes. Please consult your own legal counsel if you have questions in this regard.

Thank you for your cooperation in this matter. Jaguar Land Rover North America apologizes for any inconvenience this may cause.

SAFETY RECALL P050: UNSOLD AFFECTED VIN LIST

Unsold Affected Vehicles (as of 06 October 2014)

LR4 (L319)

VIN	RETAILER NAME
EA724376	Bob Moore Land Rover
EA707984	Land Rover Allentown
EA722894	Land Rover Annapolis
EA700590	Land Rover Austin
