Subject: Recall Campaign 14V-619: Compact Spare Wheel

Message Recipients: Service Technicians, General Managers, Service Managers, Shop Foremen, Service and Parts Managers

Message Text:

MINI USA has informed NHTSA of a voluntary Recall on approximately 5,800 MY 2014 and MY 2015 vehicles in the U.S. The spare wheel carrier nut will be replaced by a self-locking nut, and tightened to the appropriate specification.

Customer notification letters will be mailed today via First Class mail asking MINI owners to schedule an appointment with their authorized MINI dealers to perform the Recall.

Service Information bulletin M71 02 14 has been published with further information regarding this Campaign.
