TO: All Acura Dealers, GMs, Sales & Service Directors / Managers

Subject: 2015 TLX V6 9AT Stop Sale Update

We are happy to announce the team now has a validated inspection procedure for clearing (and repairing if needed) these vehicles. We will be working over the weekend to mature and train on this procedure. As soon as next week we plan to have teams in markets inspecting and clearing dealer inventories. Specifics will be communicated as soon as they are available.

Thank you for your patience,

Acura Service
