

IMPORTANT SAFETY RECALL

BY EMAIL

TO: All Dealers of Quarter Frame Dump Trailer Manufactured by Tishomingo Acquisition, LLC (Ox Trailers trademark)

DATE: December 12, 2014

SUBJECT: NHTSA Safety Recall Notice 14V785

Tishomingo Acquisition, LLC (manufacturer of Ox Trailers) has filed a voluntary safety recall notice with NHTSA regarding its quarter frame dump trailers produced from August 27, 2012 through December 1, 2014. This recall is being initiated because the size and geometry of the gusset on the draft arm of the trailer dump mechanism should be more robust. Cracking and/or breakage of the draft arm may occur, which poses a risk of injury to vehicle occupants and nearby persons, including the possibility of a vehicle crash from loss of vehicle control.

Tishomingo Acquisition will arrange with you to replace the draft arm at your dealership. The replacement draft arm will include a reinforcement gusset that extends over a larger portion of the draft arm. Tishomingo Acquisition has already begun the process of replacing the draft arms of the subject trailers. You will be contacted regarding the timing and coordination for replacement of draft arms on any trailers that may be in your possession. It is currently expected that all subject trailers will be modified by 2/1/15.

Tishomingo Acquisition will be sending a separate notification to end users. If you have sold (or otherwise transferred title to) entities or persons other than end users (*e.g.*, a vehicle upfitter), please forward a copy of this letter to such persons/entities within five working days of your receipt of this letter, and advise us that you have done so. If you have sold (or otherwise transferred title) or leased a subject trailer to an end user, then please provide us with the contact information for such end user within five working days of your receipt of this letter (if you have not already done so).

IMPORTANT ADVISORY NOTIFICATION

It is a violation of Federal law for a dealer to deliver a new motor vehicle covered by this notification under a sale or lease until the defect is remedied.

Do not sell, lease or dealer-trade any affected unit until the draft arm has been replaced by Tishomingo Acquisition.

If you have any questions, please contact your sales representative or Customer Service at 800-255-4345.
