

Federal Recall Information

1214L

Supplier

HalDEX

Description

HalDEX Life Seal® Brake Chamber Improperly Seated

Release Date

2/27/2015

Introduction

Parts are currently unavailable; this bulletin will be revised when parts become available.

Peterbilt Motors Company has decided that a defect which relates to motor vehicle safety exists in certain vehicles that were manufactured between May 30, 2014 and October 24, 2014 with HalDEX Life Seal® 30/30 Long Stroke Air Brake Actuators may have a potentially defective air diaphragm. The affected actuators may have an incomplete attachment of the internal rubber diaphragm to the actuation mechanism of the parking brake section of the Life Seal actuator.

The improperly sealed diaphragm could allow air pressure to build internally, which may prevent full release of the actuator unit, and may induce brake drag and may result in overheated wheelend service brakes, increasing the risk of a fire.

Expiration Date: This Safety Recall Will Not Expire

Resolution

Replace the actuators on any vehicle entering your dealership listed on the attached chassis list.

It is a violation of Federal law for a dealer to sell or lease new vehicles covered by this recall until the defect or noncompliance has been corrected.

Warranty

The SIR system will indicate chassis involved in this field repair with the designator for "**1214L**". If the vehicle is affected and is shown to have an open campaign, please complete the work and file a claim "**1214L**".

Please Note: Please review the attached chassis list for the correct quick claim to use for each vehicle.

For Field...	Enter...
Failure Location	013-010-034 Brake Chamber R & R
Failure Type	705
Claim Type	C
Campaign Number	1214L
SRT 013-005	0.5 Hours Labor for R&R one actuator X # of actuators per vehicle

Parts

Parts are currently unavailable; this bulletin will be revised when parts become available.

- Peterbilt will reimburse for part cost at dealer net + 30%. Parts are available through the Haldex DSP Program at PACCAR Parts.

Quantity	Part #	Description
1	Parts currently unavailable	

*Please send parts to:
Haldex Brake Products
10930 N. Pomona Ave.
Kansas City, MO 64153*

Labor

Peterbilt will reimburse the dealer 0.5 hours labor for installing each brake actuator X the number of actuators per vehicle required for the repair.

Procedure

Remove and Replace all acutators for each chassis on the attached list.
