Specifically, the buckle used in these seats may become difficult to unlatch or become stuck in a latched position making it difficult to remove a child from their car seat, and increasing the risk of injury in the event of an emergency in which a prompt exit from a vehicle is required. These seats meet all requirements for crashworthiness under the federal FMVSS 213 safety standard, however, and can continue to be used to transport your child safely, if you are not experiencing difficulty unlatching the buckle.

Evenflo is providing at no charge to the consumers who have affected convertible car seats and harnessed boosters a remedy kit that includes a replacement buckle and instructions for the installing the new buckle. The remedy kit is available now by contacting Evenflo at www.buckle.evenflo.com or 1-800-490-7591. Please do not return these convertible car seats and harnessed boosters to retailers. If you experience difficulty unlatching your buckle before your remedy kit arrives, cleaning the buckle should alleviate the difficulty. Instructions for cleaning can be found at the dedicated website listed above.

If you purchased a replacement or repair for this buckle condition prior to receipt of this notification, you may be eligible for reimbursement from Evenflo. Please contact Evenflo at www.buckle.evenflo.com or 1-800-490-7591, to determine if you are eligible. If you believe that Evenflo has failed or is unable to remedy the defect without charge within a reasonable time, you may contact the following: Administrator, National Highway Traffic Safety Administration, 1200 New Jersey Avenue, S.E., Washington, D.C. 20590, call the toll free Auto Safety Hotline at 1-888-327-4236 (TTY: 1-800-424-9153) or visit <http://www.safercar.gov>.
