***** IMPORTANT SAFETY RECALL *****
(PROGRAMA DE SEGURIDAD IMPORTANTE)

Safety Recall Notice 13S13 / NHTSA Recall 14V-002
Aviso de Revisión de Seguridad 13S13

This notice applies to your vehicle:

2012 Edge
 Your Vehicle Identification Number:

This notice is sent to you in accordance with the requirements of the National Traffic and Motor Vehicle Safety Act.

Ford Motor Company has decided that a defect which relates to motor vehicle safety exists in your vehicle, with the Vehicle Identification Number shown above.

We apologize for this situation and want to assure you that, with your assistance, we will correct this condition. Our commitment, together with your dealer, is to provide you with the highest level of service and support.

What is the issue? On your vehicle, the fuel line assembly may experience a crack in the fuel pulse damper. A cracked damper may result in a combination of fuel odor, weepage, or a fuel leak while the fuel system is pressurized. A fuel leak in the presence of an ignition source could result in a fire.

Ford had previously notified affected owners of fuel line Safety Recall 12S40 in September of 2012. This new Safety Recall 13S13 will modify the fuel system of your vehicle to provide additional protection against potential fuel leaks.

If you have previously had Safety Recall 12S40 performed on your vehicle, you still need to return to your dealer to have Safety Recall 13S13 performed.

What will Ford and your dealer do Ford Motor Company has authorized your dealer to replace the fuel line that has a pulse damper with a revised fuel line that does not have a pulse damper. This service will be performed free of charge (parts and labor).

How long will it take? The time needed for this repair is less than one-half day. However, due to service scheduling requirements, your dealer may need your vehicle for a longer period of time.

What should you do?

Please call your dealer without delay and request a service date for Recall 13S13. Provide the dealer with the Vehicle Identification Number (VIN) of your vehicle. The VIN is printed near your name at the beginning of this letter.

If you do not already have a servicing dealer, you can access www.Fordowner.com for dealer addresses, maps, and driving instructions.

Ford Motor Company wants you to have this safety recall completed on your vehicle. The vehicle owner is responsible for making arrangements to have the work completed.

Please note: Federal law requires that any vehicle lessor receiving this recall notice must forward a copy of this notice to the lessee within ten days.

Do you need a rental vehicle?

If your dealer determines that they must keep your vehicle until a new fuel line arrives, your dealer is authorized to provide a rental vehicle for your personal transportation at no charge (except for fuel and insurance) while your vehicle is at the dealership for repairs. Please see your dealer for guidelines and limitations.

What if you no longer own this vehicle?

If you no longer own this vehicle, and have an address for the current owner, please forward this letter to the new owner.

You received this notice because government regulations require that notification be sent to the last known owner of record. Our records are based primarily on state registration and title data, which indicate that you are the current owner.

Can we assist you further?

If you have difficulties getting your vehicle repaired promptly and without charge, please contact your dealership's Service Manager for assistance.

RETAIL OWNERS: If you still have concerns, please contact the Ford Motor Company Customer Relationship Center at 1-866-436-7332 and one of our representatives will be happy to assist you.
