

TO:

Important Safety Recall: This Notice Applies To Your Vehicle E5825804 WDAPF4CDX

From: **Chris Deakins, Supervisor of Service, Warranty & Parts**

RE: **Notice of Recall 2014-01 (NHTSA 14V-005) Sprinter brake line**

This notice is sent to you in accordance with the requirements of the National Traffic and Motor Vehicle Safety Act.

Roadtrek Motorhomes Inc. has decided that a defect which relates to motor vehicle safety exists in certain class "B" Mercedes Sprinter RSCM model motorhomes built from February 14, 2013 to December 20, 2013.

Installation of coolant lines may have effected brake line routing allowing the brake line to come in contact with the Exhaust Gas Recirculation (EGR) Tube, causing abrasion damage which could result in a brake fluid leak. This could increase stopping distances, possibly resulting in a crash causing property damage and/or personal injury.

Corrective action requires that the brake line be inspected, relocated if needed and the coolant lines secured to the chassis frame rail. It should take 1.5 hours to complete the recall, however additional time may be required depending on how dealer appointments are scheduled and processed. To obtain this free service contact your Roadtrek dealer service department and schedule an appointment. Corrective action instructions and parts will need to be shipped to the dealer prior to your arrival. If you no longer own this vehicle, please inform the dealer or Roadtrek of this when you call.

If you had this repair performed before you received this letter, you may be eligible to receive reimbursement for the cost of obtaining a pre-notification remedy of the problem associated with this recall. For more information, please contact Roadtrek at 1-888-762-3873.

Federal regulations require that any vehicle lessor receiving this recall notice must forward a copy of this notice to the lessee within ten days.

If this notification is inadequate or the corrections are not made in accordance with this notification within 60 days, you may advise the Administrator, National Highway Traffic Safety Administration, 1200 New Jersey Ave. S.E., Washington, DC 20590; or call the toll free Vehicle Safety Hotline at 1-888-327-4236 (TTY: 1-800-424-9153); or go to <http://www.safercar.gov>.
