IMPORTANT SAFETY RECALL

NHTSA RECALL 14V-052

Dear Nissan Frontier Owner:

This notice is sent to you in accordance with the requirements of the National Traffic and Motor Vehicle Safety Act. Nissan has decided that a defect that relates to motor vehicle safety exists in some 2012-2014 model year Nissan Frontier vehicles. Our records indicate that you own or lease the Nissan vehicle identified by the VIN on the inside of this notice.

Reason for Recall

A circuit breaker was incorrectly installed on some 2012-2014 Nissan Frontier vehicles. This condition may cause the main wire harness to face outward and contact a metal bolt. As a result, a short circuit may generate an overheat condition if the bolt wears through the wire harness insulation. If this occurs, the power seat and sunroof functions (if equipped on your vehicle) may become inoperable, and your battery could drain while the ignition is turned off. This condition may increase the risk of a fire.

What Nissan Will Do

Your Nissan dealer will inspect the circuit breaker position and re-install it correctly as needed. This free inspection should take less than an hour. In the unlikely event that the main harness is damaged, the dealer will repair, or if necessary, replace it with a new one. This repair may take up to 4 hours and is free of charge to you for parts and labor. Please note that your Nissan dealer may require your vehicle for a longer period of time based upon their work schedule.

What You Should Do

Contact an authorized Nissan dealer at your earliest convenience in order to arrange an appointment to have your vehicle inspected and/or repaired. Please bring this notice with you when you keep your service appointment.

If the dealer fails, or is unable to make the necessary repairs free of charge, you may contact the National Consumer Affairs Department, Nissan North America, Inc. P.O. Box 685003, Franklin, TN 37068-5003. The toll free number is 1-800-NISSAN1 (1-800-647-7261). You may also submit a complaint to the Administrator, National Highway Traffic Safety Administration, 1200 New Jersey Avenue, SE., Washington, DC 20590; or call the toll-free Vehicle Safety Hotline at 1-888-327-4236 (TTY: 1-800-424-9153); or go to <http://www.safercar.gov>.

Federal law requires that any vehicle lessor receiving this recall notice must forward a copy of this notice to the lessee within ten days.

Thank you for your cooperation. We are indeed sorry for any inconvenience this may cause you.
