Subject: Safety Recall 14V-058

Dear Customer:

This notice is being sent to you in accordance with the National Traffic and Motor Vehicle Safety Act.

Heartland has decided that certain 2014 Sundance 2880RLT Travel Trailers do not conform to part 567. "Certification" On the vehicles subject to this recall, the Federal Identification Label does not contain the correct GVWR information. The GVWR listed on the VIN tag states 16,500lb when it should read 13,500lb.

Overloading the trailer could drastically alter the handling characteristics of the trailer increasing the risk of a crash causing property damage or personal injury.

Heartland has enclosed the corrected label to remedy the situation.

At your earliest convenience, remove the existing label and apply the new Federal Identification Label over were the previous label was located, (note that not all the label will be removed). If you require assistance installing the labels, please make an appointment with your dealer and bring the unit to the dealership and they will install the labels at no cost to you.

If you have questions concerning this recall or if you need any assistance such as locating an authorized dealer or repair facility, please contact the **Warranty/Service Department** by email at 'parts@heartlandrvs.com', or by phone at 877-262-8032.

If after receiving this notice you have questions you may contact Heartland RV at 877-262-8032, please have this letter and your VIN # available for prompt service.
