RE: Safety Recall – tire & loading Information Label on VIN: 4X4FWCJ29EV028720

Dear DON VYVERBERG,

This notice is sent to you in accordance with the requirements of the National traffic and Motor Vehicle Safety act.

Forest River, Inc. has decided that certain 2014 Wildcat model WCF327CK fail to conform to the certification labeling requirements of Federal Motor Vehicle Safety Standards (FMVSS) Part 567 “Certification.” The Federal Compliance Label and the Tire and Loading Information Label located on the lower roadside front of the unit contain improper listing of the Gross Vehicle Weight Rating (GVWR) and the Cargo Carrying Capacity (CCC). A over loading condition may result in axle failure without warning causing a crash possibly resulting in property damage, personal injury or death.

Enclosed are corrected labels. Please clean the area of the incorrect label with alcohol or a non-residue cleaner and apply the corrected label over the top of it.

If it its more convenient you may make an appointment and take your recreational vehicle to your dealer and have them put on the labels at no charge to you.

If your dealer or service center is unable to make the repair please contact the Forest River, Inc. Wildcat Customer Service and Warranty Department at telephone 574-206-7600 for a repair station near you.

If, after contacting your dealer, and the recall assistance service line, you believe Forest River, Inc. has failed or has been unable to remedy the noncompliance without charge or there has been an unreasonable delay in securing the remedy, you may submit a complaint to the Administrator, National Highway Traffic Safety Administration, 1200 New Jersey Avenue SE, Washington, DC 20590; or call the toll-free Vehicle Safety Hotline at 1-888-327-4236 (TTY: 1-800-424-9153); or go to <http://www.safercar.gov>.

In the event that this is a leased vehicle, Federal regulations require that any lessor receiving this recall notice must forward a copy of this notice to the lessee within 10 days.

We regret any inconvenience this may have caused.

Sincerely,

Forest River, Inc.
