

**Honda Recall Voice Alert to Customer**

**NHTSA ID: 14V-175**

**Date: May 28, 2014**

Honda recently mailed to you an important safety recall notice regarding your 2014 Odyssey. The notice explains that your vehicle's passenger side curtain airbag electrical harness may have been damaged during assembly. In some cases, a damaged side curtain airbag electrical harness may prevent the airbag from deploying in the event of a crash, increasing the risk of injury. The notice also outlines what you need to do, including how to obtain the recall repair, free of charge, at any authorized Honda dealer. If you need help finding a Honda dealer, or do not receive the notice within five days, please call 1-800-999-1009, and select option 4. Thank you.
