RE: Safety Recall J034 – Engine Charge Air Cooler Hose Detachment
Vehicle Affected: Jaguar XF
Model Year: 2013-2014

National Highway Traffic Safety Administration Recall Number: 14V-181

Dear Jaguar XF Owner:

This notice is sent to you in accordance with the requirements of the National Traffic and Motor Vehicle Safety Act. Jaguar has decided that a defect which relates to motor vehicle safety exists in some 2013-2014 model year Jaguar XF vehicles. Your vehicle is included in this Recall action.

What is the concern?

A concern has been identified where the Charge Air Cooler (CAC) hose may separate from the Charge Air Cooler resonator assembly on 2013-2014 model year Jaguar XF 2.0L GTDi vehicles. In the event of detachment, the driver may hear a loud pop noise as the joint separates. Jaguar Land Rover has concluded that joint separation of the CAC assembly leads to engine cut out without warning and could potentially cause a crash.

Should engine cut out occur, the brake vacuum reservoir will be depleted and the vehicle will lose brake power assistance; however, foundation brakes continue to operate. Power Assisted Steering (PAS) will also be lost once the vehicle speed drops below the torque converter speed threshold; however, the vehicle steering will remain functional with increased steering effort required. The vehicle will not re-start.

What will Jaguar and your Jaguar Retailer do?

Jaguar is carrying out a recall of the vehicles mentioned above. An authorized Jaguar retailer will inspect the CAC assembly and ensure hose clip on the resonator hose is in the correct position and is torqued to the correct specification. There will be no charge for this repair.

What should you do?

Please contact your authorized Jaguar retailer at your earliest convenience to schedule an appointment to have Recall Action J034 completed on your vehicle.

How long will it take?

The work will be carried out as quickly and efficiently as possible in order to minimize inconvenience to customers and is expected to take approximately 15 minutes, although your dealer may need your vehicle for a longer time due to service scheduling requirements.

Attention Leasing Agencies: Federal regulations require that you forward this recall notification to the lessee within TEN days.

Moved or no longer own a Jaguar?

If you are no longer the owner of this vehicle, Jaguar would greatly appreciate the name and address of the new owner, using the Information Change Form enclosed.
