***** IMPORTANT SAFETY RECALL *****
(PROGRAMA DE SEGURIDAD IMPORTANTE)

Compliance Recall Notice 14C04 / NHTSA Recall 14V-204
Aviso de Revisión de Seguridad 14C04

This notice applies to your vehicle:

2015 F-350 Ford Truck
 Your Vehicle Identification Number:

This notice is sent to you in accordance with the requirements of the National Traffic and Motor Vehicle Safety Act.

Ford Motor Company has decided that your vehicle, with the Vehicle Identification Number shown above, fails to conform to the requirements specified by Federal Motor Vehicle Safety Standard (FMVSS) 102 S3.1.4 Identification of shift positions and of shift position sequence.

We apologize for this situation and want to assure you that, with your assistance, we will correct this condition. Our commitment, together with your dealer, is to provide you with the highest level of service and support.

What is the issue? On your vehicle, during certain shift maneuvers, it is possible for the transmission to temporarily engage reverse gear when the shifter is moved from "Park" to "Drive". If this occurs, the transmission will apply reverse torque to the wheels for up to 1.5 seconds while the shifter is in "Drive", increasing the risk of unintended vehicle movement and of a crash.

What will Ford and your dealer do? Ford Motor Company has authorized your dealer to reprogram your Powertrain Control Module free of charge (parts and labor).

How long will it take? The time needed for this repair is less than one-half day. However, due to service scheduling requirements, your dealer may need your vehicle for a longer period of time.

What should you do? Please call your dealer without delay and request a service date for Recall 14C04. Provide the dealer with the Vehicle Identification Number (VIN) of your vehicle. The VIN is printed near your name at the beginning of this letter.

**What should you do?
(Continued)**

If you do not already have a servicing dealer, you can access www.Fordowner.com for dealer addresses, maps, and driving instructions.

Ford Motor Company wants you to have this recall completed on your vehicle. The vehicle owner is responsible for making arrangements to have the work completed. Ford Motor Company can deny coverage for any vehicle damage that may result from the failure to have this recall performed on a timely basis. Therefore, please have this recall performed as soon as possible.

Please note: Federal law requires that any vehicle lessor receiving this recall notice must forward a copy of this notice to the lessee within ten days.

What if you no longer own this vehicle?

If you no longer own this vehicle, and have an address for the current owner, please forward this letter to the new owner.

You received this notice because government regulations require that notification be sent to the last known owner of record. Our records are based primarily on state registration and title data, which indicate that you are the current owner.

Can we assist you further?

If you have difficulties getting your vehicle repaired promptly and without charge, please contact your dealership's Service Manager for assistance.
