MobilityWorks/Ricon Recall Identification Number 14V-232
Lift Type: Ricon NS2010, Lift Serial No: 509039, Vin No: 1FTNS1EW2EDA22438

Dear MobilityWorks Vehicle Owner:

This notice is sent to you in accordance with the requirements of the National Highway Traffic and Motor Vehicle Safety Act.

The Ricon Corporation has notified MobilityWorks that a defect exists in certain S-Series and K-Series wheelchair lifts manufactured after August 1, 2006 and equipped with an optional armored pendant cable. The cable may have been installed such that it doesn't clear the wheelchair lift and without a protective cover or an improperly installed protective cover. The cable may contact the power lug at the base of the wheelchair lift causing a short circuit that could result in a fire.

MobilityWorks used one of the above defective lifts as original equipment in your vehicle that you built. Ricon is conducting a recall of these lifts and since one of these lifts was installed by MobilityWorks in your vehicle, MobilityWorks is also conducting a recall.

Your lift, identified above, may be affected. To correct this condition, please contact your local authorized Ricon Dealer and schedule an appointment as soon as possible.

Please bring this Owner Notification Form with you at the time of your appointment and give it to your Ricon dealer. This form identifies the lift and the service that is required. Once again, an approved Ricon service technician will perform the compliance retrofit.
