IMPORTANT SAFETY RECALL

Subject: Meritor Rear Axle Locking Snap Rings

This notice is sent to you in accordance with the requirements of the National Traffic and Motor Vehicle Safety Act.

Daimler Trucks North America LLC, on behalf of its Freightliner Trucks Division, has decided that a defect which relates to motor vehicle safety exists on specific Freightliner Cascadia vehicles manufactured August 6, 2012, through December 6, 2012, equipped with ConMet Preset Plus Hubs..

Certain ConMet Preset Plus Hubs may have been assembled without a locking snap ring. The absence of the locking snap ring could cause accelerated spindle wear, premature degradation of the wheel bearing components, premature wheel oil seal leaks and wheel separation. Separation of the wheel from the rear axle may result in a vehicle crash.

Rear axle assemblies will be inspected for the presence of the locking snap ring. Assemblies without locking snap rings will be repaired.

Please contact an authorized Daimler Trucks North America dealer to arrange to have the recall performed and to ensure that parts are available at the dealership. To locate an authorized dealer, search online at www.Daimler-TrucksNorthAmerica.com. The Recall will take approximately one to four hours depending on the repair and will be performed at no charge to you.

You may be liable for any progressive damage that results from your failure to complete the Recall within a reasonable time after receiving notification.

If you do not own the vehicle that corresponds to the identification number(s) which appears on the Recall Notification, please return the notification to the Warranty Campaigns Department with any information you can furnish that will assist us in locating the present owner. If you have leased this vehicle, Federal law requires that you forward this notice to the lessee within 10 days. If you are a subsequent stage manufacturer, Federal law requires that you forward this notice to your distributors and retail outlets within five working days. If you have paid to have this recall condition corrected prior to this notice, you may be eligible to receive reimbursement. Please see the reverse side of this notice for details.
