## IMPORTANT SAFETY RECALL

(NHTSA Recall Number: 14V-289)

This notice applies to your vehicle: (Insert VIN)

June 23, 2014

Dear Kia Cadenza Owner:

This notice is sent to you in accordance with the requirements of the National Traffic and Motor Vehicle Safety Act. Kia Motors has decided that a defect which relates to motor vehicle safety exists in certain 2014 model year Cadenza vehicles equipped with 19" non-chrome aluminum alloy wheels. As a result, Kia is conducting this recall for customers who own 2014 model year Cadenza vehicles with that specific wheel size and finish. Our records indicate that you own or lease one of the potentially affected vehicles.

### **What Is The Problem?**

The 19" non-chrome aluminum alloy wheels on your vehicle may have a manufacturing flaw that could cause the circular rim to separate from the rest of the wheel upon a sharp impact, such as with a sufficiently large, deep pothole. The likelihood of separation is increased for vehicles subject to cold weather. As a result, the wheel rim may come in contact with the road, impairing movement and increasing the risk of a crash.

### **What Will Kia Do?**

Kia has advised authorized Kia dealers to replace the wheels on your vehicle with new wheels. The work will be performed at Kia's expense at no cost to you. The estimated time which will be required to repair your vehicle is approximately one hour.

### **What Should You Do?**

- Exercise care to avoid an impact with a large, deep pothole or other roadway object.
- Please contact your Kia dealer to arrange for replacement of your vehicle's wheels as soon as possible.

### **What If You Have Already Paid To Have This Situation Corrected?**

If you have incurred expense to remedy this issue prior to the date of this notice, you may have the opportunity to obtain reimbursement for that expense. Please contact the Kia Consumer Assistance number listed below for assistance in submitting your claim, or mail your receipts with a cover letter directly to Kia for review and consideration:
