### IMPORTANT SAFETY NOTICE

Imperial Municipal Partners  
154 East Main Street  
Milford, MA 01757

NHTSA Campaign Number: 14V-411

Your Vehicle with VIN 1FDUFHY0DEB04803

Dear Sirs / Madams:

This notice is being sent to you in accordance with the requirements of the National Traffic and Motor Vehicle Safety Act.

J.C. Madigan, Inc. has decided that a defect which relates to motor vehicle safety exists in the vehicle with the above referenced Vehicle Identification Number. This vehicle was manufactured with a Power Take Off (PTO) unit which incorporates a pressure switch that has been recalled by Muncie Power Products.

When such PTO is installed in 2009-2014 Ford F350 – F550 Super Duty Chassis application the pressure switch is installed in close proximity of the engine exhaust pipe. In this position the switch can be exposed to excessive heat and could damage the internal diaphragm which could lead to possible seep of transmission fluid out of the switches screw in the side of the body.

Such problems can be identified during normal inspections and would appear as transmission fluid seep from the pressure switch screw.

Muncie Power Products will provide a pressure switch kit to remedy the issue. This kit provides a new switch as well as a hose assembly to locate the switch further away from the heat source. J.C. Madigan, Inc. will provide and install this pressure switch kit at no cost to you. We estimate that the repair will take approximately 8 hours to complete

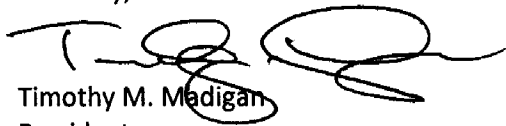

Please contact our service department at 978 847 2900 to schedule an appointment to have this pressure switch kit installed in your vehicle.

If you no longer own this vehicle, and have an address for the current owner, please forward this letter to the new owner.

Please note: Federal law requires that any vehicle lessor receiving this recall notice must forward a copy of this notice to the lessee within ten (10) days.

If you are still having difficulty getting your vehicle repaired in a reasonable time or without charge, you may write the Administrator, National Highway Traffic Safety Administration, 1200 New Jersey Avenue S.E., Washington, DC 20590 or call the toll free Vehicle Safety Hotline at 1-888-327-4236 (TTY: 1-800-424-9153) or go to [www.safercar.gov](http://www.safercar.gov) and reference NHTSA Safety Recall 14V-411.

Sincerely,

A handwritten signature in black ink, appearing to read 'Timothy M. Madigan', with a large, stylized flourish extending to the right.
