RE: 2015 TLX
NHTSA Recall 14V-613

IMPORTANT

- **Your vehicle is included in a safety recall and should have the recall service done as soon as possible.**
- **Any authorized Acura dealer will perform the recall service at no charge to you.**

Dear Acura TLX Owner:

What is the reason for this notice?

Our records indicate that a SAFETY RECALL has not been completed on this vehicle; refer to the address card for the affected VIN. The safety certification label on affected TLX vehicles fails to conform to Federal Motor Vehicle Safety Standard No. 567, Certification. The safety certification label on these vehicles specifies an incorrect Gross Axle Weight Rating (GAWR) and Gross Vehicle Weight Rating (GVWR) values. An overweight vehicle may experience tire failure, increasing the risk of a crash.

What should you do?

Please contact any authorized Acura dealer to schedule a service appointment. We encourage you to contact the dealer ahead of time to assure that the correct label for your vehicle will be available at your appointment. To complete the repair, the dealer will apply a corrective label over your existing safety certification label. This work will be done *free of charge*.

If you have questions

If you have any questions about this notice, or you need assistance locating a dealer, contact Acura Client Relations at 800-382-2238 and select option 4. You may also find this information at www.owners.Acura.com.

We apologize for any inconvenience this safety recall may cause you. We are taking this action in the interest of your safety and continued satisfaction with your Acura vehicle.

Sincerely,

**American Honda Motor Co., Inc.
Acura Automobile Division**

NOTICE: If this is a leased vehicle, please forward this notice to the lessee.
