NHTSA Recall 14V-613

IMPORTANT SAFETY RECALL NOTICE

Dear Acura TLX Owner:

This notice is sent to you in accordance with the requirements of the National Traffic and Motor Vehicle Safety Act.

What is the reason for this notice?

Honda has decided that certain 2015 model year TLX vehicles fail to conform to Federal Motor Vehicle Safety Standard No. 567, Certification. The safety certification label on these vehicles specifies an incorrect Gross Axle Weight Rating (GAWR) and Gross Vehicle Weight Rating (GVWR) values. An overweight vehicle may experience tire failure, increasing the risk of a crash.

What should you do?

Call any authorized Acura dealer and make an appointment to have your vehicle repaired **at no cost to you**. We encourage you to contact the dealer ahead of time to assure that the correct label for your vehicle will be available at your appointment. To complete the repair, the dealer will apply a corrective label over your existing safety certification label. The complete process may take approximately 12 minutes; however, your vehicle may need to be at the dealer for a longer period of time. We recommend that you plan to leave your vehicle for at least a half day to allow the dealer flexibility in scheduling.

Who to contact if you experience problems:

If you are not satisfied with the service you receive from your Acura dealer, you may write to:

American Honda Motor Co., Inc.

Administrator
National Highway Traffic Safety Administration
1200 New Jersey Ave., SE
