RE: Safety Recall P050 – Tire Pressure Monitoring System (TPMS) Warning Indicator Illuminated

Model Year/ Vehicle Affected: 2013-2014MY LR4; 2014MY Range Rover Sport and Range Rover

National Highway Traffic Safety Administration Recall Number: 14V-618

Dear Land Rover Owner:

This notice is sent to you in accordance with the requirements of the National Traffic and Motor Vehicle Safety Act. Land Rover has decided that a defect which relates to motor vehicle safety exists in certain 2013-2014 model year Land Rover LR4 and 2014 model year Land Rover Range Rover Sport and Range Rover vehicles. Your vehicle is included in this Recall action.

What is the concern?

The Tire Pressure Monitoring System (TPMS) warning lamp may flash, accompanied by the message 'TPMS system fault' on the Instrument Cluster, as a result of a failure of the TPMS sensor localization process. During the failed period, tire pressure loss will not be reported to the driver.

Vehicle wheels that are not being monitored by the TPMS may lead to the tire(s) being significantly under inflated. Driving with tires significantly under inflated can lead to loss of vehicle stability and increase the risk of a crash.

What will Land Rover and your Land Rover Retailer do?

Land Rover is carrying out a recall of the vehicles mentioned above. An authorized Land Rover retailer will, in the case of 2014MY LR4, Range Rover Sport, and Range Rover vehicles, download the latest level of Central Junction Box (CJB) also known as Body Control Module (BCM) software. Uniquely for 2013MY LR4 vehicles the software level is not compatible for the particular software version used on 2014MY vehicles, therefore, Land Rover dealers will replace the wheel sensors built to the latest specification.

There will be no charge for this repair.

What should you do?

Please contact your authorized Land Rover retailer at your earliest convenience to schedule an appointment to have program P050 completed on your vehicle.

How long will it take?

The work will be carried out as quickly and efficiently as possible in order to minimize inconvenience to customers and is expected to take approximately two hours for 2013MY LR4 vehicles and less than one hour for 2014MY LR4, Range Rover Sport, and Range Rover vehicles, although your retailer may need your vehicle for a longer time due to service scheduling requirements.

Attention Leasing Agencies: Federal regulations require that you forward this recall notification to the lessee within TEN days.

Moved or no longer own a Land Rover?

If you are no longer the owner of this vehicle, Land Rover would greatly appreciate the name and address of the new owner, using the Information Change Form enclosed.

What should you do if you have further questions?

If you have any questions or concerns, please contact the Service Manager at your authorized Land Rover retailer for assistance. If you have any queries or concerns that your local retailer cannot address, please contact the Land Rover Customer Relationship Center at **800-637-6837, Option 9**, and one of our representatives will be happy to assist you.
