IMPORTANT SAFETY RECALL

This notice applies to your vehicle, 1E+18

December 2014

Recall Campaign No. 14V-627: Vacuum Pump Oil Supply

Dear BMW Owner/Lessee:

This notice is sent to you in accordance with the requirements of the National Traffic and Motor Vehicle Safety Act.

BMW AG has decided that a defect, which relates to motor vehicle safety, exists in certain Model Year 2012-14 BMW 3 Series Sedans, 3 Series Sports Wagons, 4 Series Coupes, 5 Series Sedans, X1 SAV, X3 SAV and Z4 models. Our records indicate that you are the owner of a potentially affected vehicle.

DESCRIPTION OF PROBLEM

This recall involves the power assist braking system. In rare cases, the power assist braking system may not function properly. A loss of power assist braking would require you to provide greater brake pedal force. Although hydraulic braking (braking without power assist) remains available, a longer distance would be needed to stop the vehicle possibly increasing the risk of a crash.

DESCRIPTION OF REPAIR

The power assist braking system will be inspected and, if necessary, the sealing cap will be secured which will ensure the brake vacuum pump is lubricated properly. The actual repair will require approximately two hours; however, additional time may be required depending on the BMW center's schedule. This work will be performed free of charge by your authorized BMW center.

PRECAUTIONS FOR YOUR SAFETY

- 1. CONTACT YOUR AUTHORIZED BMW CENTER IMMEDIATELY TO HAVE THE NECESSARY REPAIR PERFORMED AS SOON AS POSSIBLE.**
- 2. If you notice a loss of power assist braking (greater pedal pressure is required), the vehicle may be experiencing this condition.**
- 3. If this condition occurs, hydraulic braking (braking without power assist) remains available, although a longer distance would be needed to stop the vehicle.**

TREAD ACT CUSTOMER REIMBURSEMENT PLAN
(BMW of North America, LLC)

If you have paid for the repair described in the attached letter, and you would like your payment to be considered for reimbursement, please contact your authorized BMW center. Expenses from repair facilities outside of the BMW center network will be considered; however, the repair procedure must meet BMW standards.

Your authorized BMW center will request a copy of your owner notification letter, as well as, a copy of your previously paid invoice, and then inspect the vehicle (if it is still in your possession) prior to submitting a claim on your behalf to BMW of North America, LLC for reimbursement.

Please note the following:

- Only a repair that is the subject of this safety recall is reimbursable. Consequential expenses such as towing, rental, accommodations, damage repairs, etc will not be reimbursed.
- The Manufacturer's Suggested Retail Price (MSRP) for BMW Genuine Parts will be considered as the guideline for reasonable charges.
- Expenses for repairs performed more than 10 days after the date of the last owner notification letter sent by BMW are not eligible for reimbursement.
- Taxes and hazardous waste disposal, where previously paid, are eligible for reimbursement.

We anticipate that your authorized BMW center will be able to answer any questions that you may have regarding your qualifications for reimbursement of a previous repair. If you qualify for such a reimbursement, they will also be able to advise you of the manner in which you could receive reimbursement.

We recommend that your authorized BMW center be your primary contact on this issue; however, our Customer Relations and Services Department may be contacted at 1-800-831-1117 for any special assistance that you may require.

Alternatively, you may submit your request for reimbursement to the following address:

Customer Relations and Services Department
BMW of North America, LLC
P.O. Box 1227
Westwood, NJ 07675-1227

Please note, if you choose to submit a request for reimbursement to the Customer Relations and Services department, your vehicle will still need to be inspected (if it is still in your possession) at an authorized BMW center before a claim can be submitted for consideration. This is to ensure that prior repairs associated with this recall completed at an outside facility meet BMW standards.
