## **IMPORTANT SAFETY RECALL**

**See enclosed VIN list.**

### **Subject: Exhaust Discharge Location**

This notice is sent to you in accordance with the requirements of the National Traffic and Motor Vehicle Safety Act.

Daimler Trucks North America LLC, on behalf of its Freightliner Trucks Division, has decided that a defect which relates to motor vehicle safety exists on specific Freightliner Business Class M2 and Cascadia vehicles manufactured June 2, 2011, through October 23, 2014, and equipped with CNG fuel tanks.

Certain compressed natural gas (CNG) powered vehicles were built with the tailpipe terminating under the CNG tank cabinet. Over time, continual heating of fuel system components by the exhaust discharge may increase the risk of fire.

A tailpipe extension will be installed to move the exhaust termination beyond the end of the CNG tank cabinet.

The final remedy has been validated and the parts secured. Please contact an authorized Daimler Trucks North America dealer to arrange to have the recall performed and to ensure that parts are available at the dealership. To locate an authorized dealer, search online at [www.DaimlerTrucksNorthAmerica.com](http://www.DaimlerTrucksNorthAmerica.com). The Recall will take approximately one to four hours, depending on the repair, and will be performed at no charge to you.

You may be liable for any progressive damage that results from your failure to complete the Recall within a reasonable time after receiving notification.

If you do not own the vehicle that corresponds to the identification number(s) which appears on the Recall Notification, please return the notification to the Warranty Campaigns Department with any information you can furnish that will assist us in locating the present owner. If you have leased this vehicle, Federal law requires that you forward this notice to the lessee within 10 days. If you are a subsequent stage manufacturer, Federal law requires that you forward this notice to your distributors and retail outlets within five working days. If you have paid to have this recall condition corrected prior to this notice you may be eligible to receive reimbursement. Please see the reverse side of this notice for details.
