This notice is sent to you in accordance with the requirements of the National Traffic and Motor Vehicle Safety Act.

Ford Motor Company has decided that a defect which relates to motor vehicle safety exists in your vehicle, with the Vehicle Identification Number shown above.

We apologize for this situation and want to assure you that, with your assistance, we will correct this condition. Our commitment, together with your dealer, is to provide you with the highest level of service and support.

Why are you receiving this notice?

Service Engine Soon

In December, 2014, Ford mailed you a letter regarding possible corrosion on your vehicle's fuel tank, which can result in fuel leakage. If a leak occurs, you may experience symptoms of a fuel odor, fuel on the ground, or illumination of the "Service Engine Soon" warning indicator. Fuel leakage in the presence of an ignition source may result in a fire. We are pleased to inform you that parts are now available to repair your vehicle.

What will Ford and your dealer do?

Ford Motor Company has authorized your dealer to inspect your vehicle's fuel tank and either clean and treat the fuel tank with corrosion preventative measures or replace it if needed. This service will be completed free of charge (parts and labor).

How long will it take?

The time needed for this repair is less than one-half day. However, due to service scheduling requirements, your dealer may need your vehicle for a longer period of time.

What should you do?

Please call your dealer without delay and request a service date for Safety Recall 14S22. Provide the dealer with the VIN of your vehicle, which is printed near your name at the beginning of this letter.

If you do not already have a servicing dealer, you can access www.Fordowner.com for dealer addresses, maps, and driving instructions.

Please note: Federal law requires that any vehicle lessor receiving this recall notice must forward a copy of this notice to the lessee within ten days.

Have you previously paid for this repair?

If you have previously paid for a repair that addresses the issue described in this letter, you still need to have this recall performed to ensure the correct parts were used.

You may be eligible for a refund of previously paid repairs. Refunds will only be provided for service related to repair or replacement of the fuel tank for fuel leaks caused by corrosion. To verify eligibility and expedite reimbursement, give your paid original receipt to your dealer.

Refund requests may also be sent directly to Ford Motor Company. To request your refund from Ford, send the refund request with all required documentation, including your original repair receipt (no photocopies), to Ford Motor Company at P.O. Box 6251, Dearborn, Michigan 48121-6251. Refund requests mailed to this address may take up to 60 days to process. Your original receipt will be returned to you.
