IMPORTANT SAFETY RECALL

This notice applies to your vehicle, XXXXXXXXXXXXXXXXXXXX

Dear Hyundai Genesis Owner:

This notice is sent to you in accordance with the National Traffic and Motor Vehicle Safety Act. Hyundai has decided that a defect which relates to motor vehicle safety exists in certain Model Year 2009 through 2011 Hyundai Genesis vehicles produced beginning on April 30, 2008 through November 21, 2010. Our records indicate that your vehicle falls within this production date range.

What is the problem?

- The stop lamp circuit in the subject vehicles contains a diode in series between the stop lamp switch and the stop lamps. An investigation by Hyundai has determined the diode can fail resulting in inoperative stop lamps, increasing the risk of a crash.

What will Hyundai do?

- Your Hyundai dealer will repair the stop lamp switch circuitry. This procedure will be performed at no charge to you. The actual time required to perform the procedure should be less than 1 hour, however your vehicle may be needed longer depending on the dealer's schedule; therefore, we recommend scheduling a service appointment to minimize inconvenience.
