## IMPORTANT SAFETY RECALL

### Subject: Meritor WABCO Park Brake Quick Release Valves with Double Check

This notice is sent to you in accordance with the requirements of the National Traffic and Motor Vehicle Safety Act.

Daimler Trucks North America LLC, on behalf of its Freightliner Trucks Division, has decided that a defect which relates to motor vehicle safety exists on specific Freightliner Cascadia, 122SD, and Argosy vehicles manufactured July 22, 2013, through October 13, 2014, and equipped with certain Meritor WABCO park brake quick release valves.

The quick release valve for the park brake may leak without the driver being aware. The leak may cause the park brake to partially or fully engage, which could eventually affect the performance of the vehicle's braking system, increasing the risk of a vehicle crash.

The quick release valve will be inspected and those manufactured within a certain date range will be replaced as necessary.

Please contact an authorized Daimler Trucks North America dealer to arrange to have the recall performed and to ensure that parts are available at the dealership. To locate an authorized dealer, search online at [www.DaimlerTrucksNorthAmerica.com](http://www.DaimlerTrucksNorthAmerica.com).
