

Notification to owners orginally notified in 7914J that still need passenger airbag inflator replacement

IMPORTANT SAFETY RECALL

Passenger Air Bag Inflator Replacement - Safety Recall 8114L NHTSA Campaign No. 14V-773

February, 2015	
This notice applies to your vehicle, VIN	
Dear Mazda Owner:	

This notice is sent to you in accordance with the National Traffic and Motor Vehicle Safety Act.

In October 2014, you may have been notified that Mazda Motor Corporation decided that a defect which relates to motor vehicle safety exists in certain 2003-2007 Mazda6, 2004-2008 RX-8, 2006-2007 Mazdaspeed6, 2004-2005 MPV. Safety Recall 7914J has been modified to address only the driver air bag. If your vehicle's drivers air bag is affected, a separate notice for Safety Recall 7914J is included in the envelope with this notice.

If you are a recipient of this notice, your vehicle is included in Safety Recall 8114L for passenger air bag inflator replacement.

What is the problem?

In the subject vehicles sold in or ever registered in Alabama, Florida, Georgia, Hawaii, Louisiana, Mississippi, Texas, Puerto Rico, Saipan and Guam, continued exposure to high levels of absolute humidity may cause the front air bag inflator housing to rupture and deploy abnormally in the event of a crash necessitating deployment of the passenger side frontal air bag. An inflator rupture could result in metal fragments striking and potentially seriously injuring vehicle occupants.

What will Mazda do?

Your Mazda dealer will replace the passenger air bag inflator with a new one, free of charge. The repair should take less than one hour to complete; however, it may take longer depending on the service workload at your Mazda dealership.

What should you do?

Mazda is concerned about your safety, and we encourage you to make an appointment with any authorized Mazda dealer to have the airbag inflator replaced as soon as possible. Making an appointment provides the dealer the opportunity to reserve the necessary part for your repair and plan their service activity, thus minimizing your wait time and inconvenience this recall may cause you. You do not need to bring this notice to the dealer, but it may assist in the check-in zoom-zoom process.
