

Honda Recall Voice Alert to Customer

NHTSA ID: 14V-258

Date: July 3, 2014

Honda recently mailed to you an important safety recall notice regarding your 2013 Fit. The notice explains that the passenger side driveshaft may not have received the proper heat treatment during manufacturing making it more susceptible to damage. A damaged driveshaft could potentially break while driving, increasing the risk of a crash. The notice also outlines what you need to do, including how to obtain the recall repair, free of charge, at any authorized Honda dealer. If you need help finding a Honda dealer, or do not receive the notice within five days, please call 1-800-999-1009, and select option 4. Thank you.
