Memorandum

Subject: Recall 14V-816  **Date:** June 19, 2015

From: Cynthia Glass
General Engineer, RMD

To: Memo to File

On June 18, 2015, Rainer Harter, Managing Director Engineering & Sales for Hirschmann GMBH, verified that the front lower suspension control arms involved in the above-referenced recall campaign were only designed for and sold to Porsche AG in Germany. These front lower suspension control arms were not sold to any other vehicle manufacturers.

Accordingly, all product affected by the defect has been recalled and an Equipment Query investigation is not needed.
