KIT CONTENTS

Labels enclosed with the Recall Notification

TOOLS/MATERIAL REQ.:

Isopropyl Alcohol and shop rag

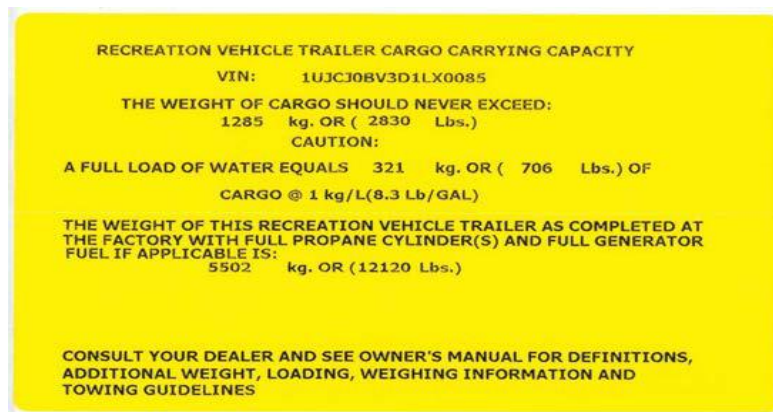

CHANGING THE FEDERAL CERTIFICATION AND CCC LABELS**Remove existing label(s)**

1. Locate the label(s) on the outside off door side (road side) front of the unit. Remove the existing Federal Certification Label and the Cargo Capacity Label from the unit and discard them.
2. Using isopropyl alcohol and a shop rag, remove any adhesive residue from the surface where the original label had been. Allow the area to dry for at least 30 seconds.

Apply new label(s)

3. Remove the protective back from the new labels. Align the new label in the same location of the original label and apply it to the surface. Remove any air bubbles from the label.

NOTE: Do not attempt to remove or adjust the label once it has come into contact with the surface. Doing so may damage the label or cause it not to adhere properly to the surface. IF A LABEL IS DAMAGED OR WILL NOT PROPERLY ADHERE TO THE SURFACE, A NEW LABEL MUST BE ORDERED.

**Cargo Carrying Capacity Label**
