RE: 2013 Fit
NHTSA Recall 14V-258

IMPORTANT

- **Your vehicle is included in a safety recall and should have the recall service done as soon as possible.**
- **Any authorized Honda dealer will perform the recall service at no charge to you.**

Dear Honda Fit Owner:

What is the reason for this notice?

Our records indicate that a SAFETY RECALL has not been completed on this vehicle; refer to the address card for the affected VIN. There is a possibility that the passenger side driveshaft may not have received the proper heat treatment during manufacturing making it more susceptible to damage. A damaged driveshaft could break while driving, increasing the risk of a crash.

What should you do?

Please contact any authorized Honda dealer to schedule a service appointment. The dealer will inspect and, if necessary, replace the passenger side driveshaft. This work will be done *free of charge*.

If you have questions

If you have any questions about this notice, or you need assistance locating a dealer, contact Honda Automobile Customer Service at 1-888-234-2138. You may also find this information at www.Hondacars.com.

We apologize for any inconvenience this safety recall may cause you. We are taking this action in the interest of your safety and continued satisfaction with your Honda vehicle.

Sincerely,

American Honda Motor Co., Inc.
Honda Automobile Division

NOTICE: If this is a leased vehicle, please forward this notice to the lessee.
