Second Notice - April 2015

Dear Valued Fleetwood RV Customer:

This notice is sent to you in accordance with the requirements of the National Traffic and Motor Vehicle Safety Act.

Allied Recreation Group, Inc. (ARG), on behalf of its manufacturing center located in Decatur, Indiana, has decided that a safety defect which relates to motor vehicle safety exists in certain model year 2014-2015 Fleetwood brand Boulder Classic, Model 34 M, Class A motor homes.

WHAT IS THE PROBLEM?

On motor homes affected by this recall, a grab bar mounted to the inside of the sidewall, lacks sufficient reinforcement at the installation area. WHAT SHOULD YOU DO?

Please make certain your motor home is immediately inspected and repaired by contacting an authorized ARG dealer.

WHAT WILL ALLIED RECREATION GROUP DO?

With your continued satisfaction in mind, it is our intention to have these repairs made at your convenience with as little disruption as possible. Effective immediately, ARG dealers have been supplied with all of the information needed to enable them to reinforce the grab bar's mounting location to properly secure it to the wall. The repair should take less than one hour to complete; however, because of service scheduling times, your dealer may need the vehicle for a longer period of time. This service will be performed for you free of charge. If you have paid to have this concern corrected previously, you may be eligible for reimbursement of your cost for that repair. For more information, please contact Allied Recreation Group Owner Relations at (800) 509-3417.

When you deliver your motor home for repairs, your dealer will complete a **Repair Order**. Upon completion of the repair, please sign the **Repair Order** and fill out the enclosed self-addressed **Vehicle/Owner Information Update Card** and return it to Allied Recreation Group.
