Dear **[Customer's First Name]**,

You were sent a recall notification* about the passenger-side front airbag in your Subaru but, according to our records, you have not yet taken your vehicle to your Subaru retailer to have the recall repair performed. Your retailer will replace the passenger-side front airbag inflator at no cost to you.

Helping to keep you and your passengers safe is very important to us. For this reason, do not allow anyone to sit in the front-passenger seat until the repair has been performed. Please schedule an appointment for this service with your Subaru retailer as soon as you can.

Yours truly,
Subaru of America, Inc.
