IMPORTANT SAFETY RECALL INTERIM NOTICE 14516

DECEMBER 2014

Dear INTERNATIONAL® Customer,

This notice applies to your vehicle identified on the enclosed card and is being sent to you in accordance with the requirements of the National Highway Traffic Safety Administration and the Motor Vehicle Safety Act.

Navistar has decided that a defect which relates to motor vehicle safety exists in certain LoneStar® and ProStar® model trucks built 16 December 2008 thru 20 June 2014 with feature code 16UZL; No Idle Heating, Ventilation, and Air Conditioning (HVAC) module.

REASON FOR THIS RECALL

The electrical harness supplying power to the No Idle HVAC system may not be of sufficient size for the electrical load of the circuit which can cause voltage drop and an increase in resistance and heating at the connectors.

RISK TO MOTOR VEHICLE SAFETY

An increase in resistance and heating at the connectors may cause a vehicle fire resulting in property damage or personal injury.

ACTIONS YOU SHOULD TAKE

A remedy has been developed. However, repair parts will not be available until late February 2015. When parts become available, you will be notified of additional actions you should take.

During the interim period to mitigate the risk of fire the No Idle HVAC system should not be used.

You can find your nearest dealer by calling 1-800-448-7825 or by using the dealer locator at <http://www.internationaltrucks.com>.

If you are the lessor of this vehicle, please forward a copy of this notice to the lessee within ten days to comply with federal regulations.

If you do not own this vehicle, please fill out and return mail the enclosed card so that you will not be contacted again about this recall.

IF YOU NEED FURTHER ASSISTANCE

If you believe that Navistar has failed to remedy the defect without charge or within a reasonable time, please follow the procedure described in the Owner Assistance Guide section in your Owner's Manual or call toll free 1-800-448-7825.

Navistar requests your prompt attention and patience regarding the correction of this defect and apologizes for any inconvenience this may cause you.
