Subject: Defective Quick Release Valve Seat

Dear Mr. Cox:

This letter serves to acknowledge Newmar Corporation's notification to the National Highway Traffic Safety Administration (NHTSA) of a safety recall which will be conducted pursuant to Federal law for the product(s) listed below. Please review the following information to ensure that it conforms to your records as this information is being made available to the public. If the information does not agree with your records, please contact us immediately to discuss your concerns.

Makes/Models/Model Years:

NEWMAR/ESSEX/2014-2015
NEWMAR/KING AIRE/2014-2015

Mfr's Report Date: February 3, 2015

NHTSA Campaign Number: 15V-061

Components:

SERVICE BRAKES, AIR:SUPPLY:QUICK RELEASE VALVE

Potential Number of Units Affected: 98

Problem Description:

Newmar Corporation (Newmar) is recalling certain model year 2014-2015 Newmar King Aire, and Essex vehicles manufactured December 9, 2013, to December 16, 2014, equipped with certain Wabco Quick Release Valves with Double Check. In the affected valves, the rubber diaphragm may be damaged by sharp edges on the valve seat ribs, reducing the available air pressure in the air tanks.

Consequence:

The reduced air pressure levels may reduce braking performance and/or the parking brakes could reapply, increasing the risk of a crash.

Remedy:

Newmar will notify owners, and dealers will inspect and replace the valve, free of charge. The manufacturer has not yet provided a notification schedule. Owners may contact Newmar customer service at 1-800-731-8300.

Notes:

Owners may also contact the National Highway Traffic Safety Administration Vehicle Safety Hotline at 1-888-327-4236 (TTY 1-800-424-9153), or go to www.safercar.gov.

We have received Newmar's proposed owner notification letter and it is currently under review. You will be notified of any changes or concerns once our review is complete.

Please be reminded of the following requirements:

Copies of all notices, bulletins, dealer notifications, and other communications that relate to this recall, including a copy of the final owner notification letter and any subsequent owner follow-up notification letter(s), are required to be submitted to this office no later than 5 days after they are originally sent (if they are sent to more than one manufacturer, distributor, dealer, or purchaser/owner).

As required in Part 573.6(c)(6), in the case of a defect, please provide a chronology of all principal events that were the basis for the determination that the defect related to motor vehicle safety, including a summary of all warranty claims, field or service reports, and other information, with their dates of receipt. Please provide this information as soon as possible.

As stated in Part 573.7, submission of the first of six consecutive quarterly status reports is required within one month after the close of the calendar quarter in which notification to purchasers occurs. Therefore, the first quarterly report will be due on, or before, 30 days after the close of the calendar quarter.

Your contact for this recall will be Kelly Schuler who may be reached by phone at (202) 366-5227, or by email at kelly.schuler@dot.gov or through the office email at rmd.odi@dot.gov. We look forward to working with you.

Sincerely,

A handwritten signature in black ink, appearing to read "Jennifer Timian". The signature is fluid and cursive, with the first name being the most prominent.
