Subject: Exhaust Pipe Leak may Result in Fire

Dear Mr. LaFon:

This letter serves to acknowledge Nova Bus's notification to the National Highway Traffic Safety Administration (NHTSA) of a safety recall which will be conducted pursuant to Federal law for the product(s) listed below. Please review the following information to ensure that it conforms to your records as this information is being made available to the public. If the information does not agree with your records, please contact us immediately to discuss your concerns.

Makes/Models/Model Years:
NOVA BUS/NOVA LFS/2007

Mfr's Report Date: February 4, 2015

NHTSA Campaign Number: 15V-073

Components:
ENGINE AND ENGINE COOLING:EXHAUST SYSTEM

Potential Number of Units Affected: 10

Problem Description:

Nova Bus (Nova) is recalling certain model year 2007 LFS transit buses manufactured January 1, 2007, to December 31, 2007. In the affected vehicles, the band clamp on the flex pipe between the turbocharger and the diesel particulate filter may be incorrectly located allowing the exhaust pipe to leak hot exhaust gases onto nearby components.

Consequence:

If the components are exposed to hot exhaust gases, there is an increased risk of a fire.

Remedy:

Nova notified owners, and dealers correctly positioned the clamps on the affected vehicles, free of charge. Owners may contact Nova customer service at 1-450-472-6410. Nova's number for this recall is CR1261.

Notes:

Owners may also contact the National Highway Traffic Safety Administration Vehicle Safety Hotline at 1-888-327-4236 (TTY 1-800-424-9153), or go to www.safercar.gov.

Please be reminded of the following requirements:

Copies of all notices, bulletins, dealer notifications, and other communications that relate to this recall are required to be submitted to this office no later than 5 days after they are originally sent (if they are sent to more than one manufacturer, distributor, dealer, or purchaser/owner).

As stated in Part 573.7, submission of the first of six consecutive quarterly status reports is required within one month after the close of the calendar quarter in which notification to purchasers occurs. Therefore, the first quarterly report will be due on, or before, 30 days after the close of the calendar quarter. If all vehicles have been remedied, please submit one report stating a one hundred percent recall completion rate.

Your contact for this recall will be Kelly Schuler who may be reached by phone at (202) 366-5227, or by email at kelly.schuler@dot.gov or through the office email at rmd.odi@dot.gov. We look forward to working with you.

Sincerely,

A handwritten signature in black ink, appearing to read "Jennifer Timian". The signature is fluid and cursive, with the first name being the most prominent.
