**Subject:** Fuel Starvation may cause Vehicle Stall

Dear Mr. Kobylarz:

This letter serves to acknowledge Jaguar Land Rover North America, LLC's notification to the National Highway Traffic Safety Administration (NHTSA) of a safety recall which will be conducted pursuant to Federal law for the product(s) listed below. Please review the following information to ensure that it conforms to your records as this information is being made available to the public. If the information does not agree with your records, please contact us immediately to discuss your concerns.

**Makes/Models/Model Years:**

JAGUAR/XF/2013

**Mfr's Report Date:** February 12, 2015

**NHTSA Campaign Number:** 15V-091

**Components:**

FUEL SYSTEM, GASOLINE:DELIVERY:FUEL PUMP

**Potential Number of Units Affected:** 355

**Problem Description:**

Jaguar Land Rover North America, LLC (Jaguar) is recalling certain model year 2013 XF vehicles manufactured September 11, 2012, to October 8, 2012. The electronic modules which control the fuel pump may shut down causing the fuel pump to stop pumping fuel.

**Consequence:**

The fuel pump shutdown will result in the vehicle stalling. The vehicle would also lose power-assisted braking and power-assisted steering. Any of these conditions may increase the risk of a vehicle crash.

**Remedy:**

Jaguar will notify owners, and dealers will inspect, and install if necessary, an additional wiring harness to the in-tank fuel pump, free of charge, expected to begin April 17, 2015. Owners may contact Jaguar customer service at 1-800-452-4827. Jaguar's number for this recall is J051.

**Notes:**

Owners may also contact the National Highway Traffic Safety Administration Vehicle Safety Hotline at 1-888-327-4236 (TTY 1-800-424-9153), or go to [www.safercar.gov](http://www.safercar.gov).

Please clarify why the vehicles manufactured October 3, 2012 through October 8, 2012 are covered by this recall as well as by recall 12V-571 for the same issue.

Please be reminded of the following requirements:

You are required to submit a draft owner notification letter to this office no less than five days prior to mailing it to the customers. Also, copies of all notices, bulletins, dealer notifications, and other communications that relate to this recall, including a copy of the final owner notification letter and any subsequent owner follow-up notification letter(s), are required to be submitted to this office no later than 5 days after they are originally sent (if they are sent to more than one manufacturer, distributor, dealer, or purchaser/owner).

As stated in Part 573.7, submission of the first of six consecutive quarterly status reports is required within one month after the close of the calendar quarter in which notification to purchasers occurs. Therefore, the first quarterly report will be due on, or before, 30 days after the close of the calendar quarter.
