Mfr's Report Date: February 12, 2015

NHTSA Campaign Number: 15V-092

Components:

WHEELS:LUGS/NUTS/BOLTS

Potential Number of Units Affected: 28

Problem Description:

Jaguar Land Rover North America, LLC (Land Rover) is recalling certain model year 2015 Land Rover Range Rover, Range Rover Sport, and LR4 vehicles manufactured January 6, 2015, to January 23, 2015. The affected vehicles have wheel lug nuts that may crack and detach from the wheel hub stud.

Consequence:

If one or more of the wheel lug nuts crack or detach from the wheel hub, the remaining lug nuts may be unable to keep the wheel secured to the vehicle. If the wheel detaches, loss of vehicle control would result, increasing the risk of a crash.

Remedy:

Land Rover will notify owners, and dealers will replace the wheel nuts with new wheel nuts, free of charge. The recall is expected to begin April 17, 2015. Owners may contact Land Rover customer service at 1-800-637-6837. Land Rover's number for this recall is P056.

Notes:

Owners may also contact the National Highway Traffic Safety Administration Vehicle Safety Hotline at 1-888-327-4236 (TTY 1-800-424-9153), or go to www.safercar.gov.

We have received Land Rover's proposed owner notification letter and it is currently under review. You will be notified of any changes or concerns once our review is complete.

Please be reminded that under 49 U.S.C. § 30112(a)(3), it is illegal for a manufacturer, to sell, offer for sale, import, or introduce or deliver into interstate commerce, a motor vehicle or item of motor vehicle equipment that contains a safety defect once the manufacturer has notified NHTSA about that safety defect. This prohibition does not apply once the motor vehicle or motor vehicle equipment has been remedied according to the manufacturer's instructions.

Please be reminded of the following requirements:

Copies of all notices, bulletins, dealer notifications, and other communications that relate to this recall, including a copy of the final owner notification letter and any subsequent owner follow-up notification letter(s), are required to be submitted to this office no later than 5 days after they are originally sent (if they are sent to more than one manufacturer, distributor, dealer, or purchaser/owner).

As stated in Part 573.7, submission of the first of six consecutive quarterly status reports is required within one month after the close of the calendar quarter in which notification to purchasers occurs. Therefore, the first quarterly report will be due on, or before, 30 days after the close of the calendar quarter.
