March 5, 2015

Mr. Andy Jones  
Daimler Trucks North America LLC  
4747 N. Channel Ave  
Portland, OR 97217

NVS-215KS  
15V-105

**Subject:** Corrosion of Fuel Hoses may Result in CNG Leak

Dear Mr. Jones:

This letter serves to acknowledge Daimler Trucks North America LLC's notification to the National Highway Traffic Safety Administration (NHTSA) of a safety recall which will be conducted pursuant to Federal law for the product(s) listed below. Please review the following information to ensure that it conforms to your records as this information is being made available to the public. If the information does not agree with your records, please contact us immediately to discuss your concerns.

**Makes/Models/Model Years:**

FREIGHTLINER/CASCADIA/2014-2015

**Mfr's Report Date:** February 18, 2015

**NHTSA Campaign Number:** 15V-105

**Components:**

FUEL SYSTEM, OTHER:DELIVERY:HOSES, LINES/PIPING, AND FITTINGS

**Potential Number of Units Affected:** 14

**Problem Description:**

Daimler Trucks North America LLC (DTNA) is recalling certain model year 2014-2015 Freightliner Cascadia trucks manufactured November 19, 2013, to July 14, 2014, and equipped with certain model Side-Mount compressed natural gas (CNG) Fuel Systems, Part No. 23736011, manufactured August 1, 2013, to August 21, 2014 and Motion Industries T1700-06 flexible fuel hoses. The stainless steel braid hose reinforcement may corrode prematurely near the fitting crimp inside the slave tank enclosure.

**Consequence:**

If the corrosion progresses and goes undetected, the hose could begin to leak CNG, increasing the risk of a fire in the presence of an ignition source.

**Remedy:**

DTNA will notify owners and dealers will replace the defective hose, free of charge. The recall is expected to begin April 18, 2015. Owners may contact DTNA customer service at 1-800-745-8000. DTNA's number for this recall is FL-678.

**Notes:**

Owners may also contact the National Highway Traffic Safety Administration Vehicle Safety Hotline at 1-888-327-4236 (TTY 1-800-424-9153), or go to [www.safercar.gov](http://www.safercar.gov).

Please be reminded of the following requirements:

You are required to submit a draft owner notification letter to this office no less than five days prior to mailing it to the customers. Also, copies of all notices, bulletins, dealer notifications, and other communications that relate to this recall, including a copy of the final owner notification letter and any subsequent owner follow-up notification letter(s), are required to be submitted to this office no later than 5 days after they are originally sent (if they are sent to more than one manufacturer, distributor, dealer, or purchaser/owner).

Please be reminded that under 49 U.S.C. § 30112(a)(3), it is illegal for a manufacturer, to sell, offer for sale, import, or introduce or deliver into interstate commerce, a motor vehicle or item of motor vehicle equipment that contains a safety defect once the manufacturer has notified NHTSA about that safety defect. This prohibition does not apply once the motor vehicle or motor vehicle equipment has been remedied according to the manufacturer's instructions.

As stated in Part 573.7, submission of the first of six consecutive quarterly status reports is required within one month after the close of the calendar quarter in which notification to purchasers occurs. Therefore, the first quarterly report will be due on, or before, 30 days after the close of the calendar quarter.

Your contact for this recall will be Kelly Schuler who may be reached by phone at (202) 366-5227, or by email at [kelly.schuler@dot.gov](mailto:kelly.schuler@dot.gov) or through the office email at [rmd.odi@dot.gov](mailto:rmd.odi@dot.gov). We look forward to working with you.

Sincerely,

Jennifer Timian  
Chief, Recall Management Division  
Office of Defects Investigations
