Subject: Air Hose for Front Service Brake may Contact Tire

Dear Mr. Van Laar:

This letter serves to acknowledge Navistar, Inc.'s notification to the National Highway Traffic Safety Administration (NHTSA) of a safety recall which will be conducted pursuant to Federal law for the product(s) listed below. Please review the following information to ensure that it conforms to your records as this information is being made available to the public. If the information does not agree with your records, please contact us immediately to discuss your concerns.

Makes/Models/Model Years:

IC BUS/RE/2015-2016

Mfr's Report Date: March 18, 2015

NHTSA Campaign Number: 15V-167

Components:

SERVICE BRAKES, AIR

Potential Number of Units Affected: 17

Problem Description:

Navistar, Inc. (Navistar) is recalling certain model year 2015-2016 IC RE school buses manufactured November 4, 2014, to December 23, 2014. In the affected vehicles, the air brake hose for the front wheel service brakes may contact the tires when the steering is fully turned.

Consequence:

Contact with the tire may result in hose abrasion, resulting in an air leak, causing the vehicle to pull to one side when braking and/or requiring extra distance to stop the school bus. Either condition may increase the risk of a crash.

Remedy:

Navistar will notify owners, and dealers will correct the front air brake hose fitting orientation, replacing any hose with signs of abrasion, as necessary, free of charge. The recall is expected to begin in April 2015. Owners may contact Navistar customer service at 1-800-448-7825. Navistar's number for this recall is 15507.

Notes:

Owners may also contact the National Highway Traffic Safety Administration Vehicle Safety Hotline at 1-888-327-4236 (TTY 1-800-424-9153), or go to www.safercar.gov.

We have received Navistar's proposed owner notification letter and have approved its distribution.

Please be reminded of the following requirements:

Copies of all notices, bulletins, dealer notifications, and other communications that relate to this recall, including a copy of the final owner notification letter and any subsequent owner follow-up notification letter(s), are required to be submitted to this office no later than 5 days after they are originally sent (if they are sent to more than one manufacturer, distributor, dealer, or purchaser/owner).

Please be reminded that under 49 U.S.C. § 30112(a)(3), it is illegal for a manufacturer, to sell, offer for sale, import, or introduce or deliver into interstate commerce, a motor vehicle or item of motor vehicle equipment that contains a safety defect once the manufacturer has notified NHTSA about that safety defect. This prohibition does not apply once the motor vehicle or motor vehicle equipment has been remedied according to the manufacturer's instructions.

As stated in Part 573.7, submission of the first of six consecutive quarterly status reports is required within one month after the close of the calendar quarter in which notification to purchasers occurs. Therefore, the first quarterly report will be due on, or before, 30 days after the close of the calendar quarter.

Your contact for this recall will be Kelly Schuler who may be reached by phone at (202) 366-5227, or by email at kelly.schuler@dot.gov or through the office email at rmd.odi@dot.gov. We look forward to working with you.

Sincerely,

Jennifer Timian
