Subject: Incorrect Tire Inflation Information/FMVSS 110

Dear Mr. Pertschy:

This letter serves to acknowledge Southeast Toyota Distributors, LLC's notification to the National Highway Traffic Safety Administration (NHTSA) of a safety recall which will be conducted pursuant to Federal law for the product(s) listed below. Please review the following information to ensure that it conforms to your records as this information is being made available to the public. If the information does not agree with your records, please contact us immediately to discuss your concerns.

Makes/Models/Model Years:

TOYOTA/TUNDRA/2015

Mfr's Report Date: May 18, 2015

NHTSA Campaign Number: 15V-315

Components:

EQUIPMENT:OTHER:LABELS
TIRES

Potential Number of Units Affected: 144

Problem Description:

Southeast Toyota Distributors, LLC (SET) is recalling certain model year 2015 Toyota Tundra vehicles manufactured March 11, 2015, to April 11, 2015 and equipped with Nitto Terra Grappler G2 275/60R20 116S XL tires. These vehicles have a tire placard that incorrectly states the recommended cold tire inflation pressure. As such, these vehicles fail to comply with the requirements of Federal Motor Vehicle Safety Standard (FMVSS) No. 110, "Tire Selection and Rims and Motor Home/Recreation Vehicle Trailer Load Carrying Capacity Information for Motor Vehicles with a GVWR of 4,536 kilograms (10,000 pounds) or less."

Consequence:

If the operator inflates the tires according to the information on the tire placard, the tires may be underinflated, increasing the risk of tire failure which could result in a crash.

Remedy:

SET will notify owners, and dealers will install a new tire placard with the correct cold tire inflation pressure information, free of charge. The recall is expected to begin July 14, 2015. Owners may contact SET customer service at 1-866-405-4226. SET's number for this recall is SET15C.

Notes:

Owners may also contact the National Highway Traffic Safety Administration Vehicle Safety Hotline at 1-888-327-4236 (TTY 1-800-424-9153), or go to www.safercar.gov.

We have received SET's proposed owner notification letter and it is currently under review. You will be notified of any changes or concerns once our review is complete.

Under 49 U.S.C. § 30112(a), it is illegal for anyone, including a manufacturer, distributor, dealer, or retailer to sell an item of equipment or vehicle that fails to comply with all applicable Federal motor vehicle safety standards.

Please be reminded of the following requirements:

Copies of all notices, bulletins, dealer notifications, and other communications that relate to this recall, including a copy of the final owner notification letter and any subsequent owner follow-up notification letter(s), are required to be submitted to this office no later than 5 days after they are originally sent (if they are sent to more than one manufacturer, distributor, dealer, or purchaser/owner).

As stated in Part 573.7, submission of the first of six consecutive quarterly status reports is required within one month after the close of the calendar quarter in which notification to purchasers occurs. Therefore, the first quarterly report will be due on, or before, 30 days after the close of the calendar quarter.

Your contact for this recall will be Sarah Mcshane who may be reached by phone at 202-366-7401, or by email at sarah.mcshane@dot.gov or through the office email at rmd.odi@dot.gov. We look forward to working with you.

Sincerely,

A handwritten signature in black ink, appearing to read "Jennifer Timian". The signature is fluid and cursive, with a long horizontal stroke at the end.
