Auburn, CA 48326-2757

NVS-215SM
15V-470

Subject: Intermittent Connection C4 Connector and PDC

Dear Mr. Smith:

This letter serves to acknowledge Chrysler (FCA US LLC)'s notification to the National Highway Traffic Safety Administration (NHTSA) of a safety recall which will be conducted pursuant to Federal law for the product(s) listed below. Please review the following information to ensure that it conforms to your records as this information is being made available to the public. If the information does not agree with your records, please contact us immediately to discuss your concerns.

Makes/Models/Model Years:

CHRYSLER/200/2015

Mfr's Report Date: July 21, 2015

NHTSA Campaign Number: 15V-470

Components:

ELECTRICAL SYSTEM

Potential Number of Units Affected: 77,834

Problem Description:

Chrysler (FCA US LLC) is recalling certain model year 2015 Chrysler 200 vehicles manufactured January 7, 2014, to September 23, 2014. The affected vehicles may have a Power Distribution Center (PDC) electrical connector that may cause intermittent power failures to certain electrical components.

Consequence:

An intermittent loss of power to electrical components could cause a vehicle to stall without warning, increasing the risk of a crash.

Remedy:

Chrysler will notify owners, and dealers will replace the C4 connector using a 12 wire split kit for 3.6L engines, or replace the transmission wiring harness for 2.4L engines, free of charge. The parts needed for the recall are currently unavailable. Owners will be notified of the recall on or around September 18, 2015, with second notifications mailed when remedy parts become available. Owners may contact Chrysler customer service at 1-800-853-1403. Chrysler's number for this recall is R24.

Notes:

Owners may also contact the National Highway Traffic Safety Administration Vehicle Safety Hotline at 1-888-327-4236 (TTY 1-800-424-9153), or go to www.safercar.gov.

Please be reminded of the following requirements:

You are required to submit copies of all notices, bulletins, dealer notifications, and other communications that relate to this recall, including a copy of the final owner notification letter and any subsequent owner follow-up notification letter(s), are required to be submitted to this office no later than 5 days after they are originally sent (if they are sent to more than one manufacturer, distributor, dealer, or purchaser/owner).

Please be reminded that under 49 U.S.C. § 30112(a)(3), it is illegal for a manufacturer, to sell, offer for sale, import, or introduce or deliver into interstate commerce, a motor vehicle or item of motor vehicle equipment that contains a safety defect once the manufacturer has notified NHTSA about that safety defect. This prohibition does not apply once the motor vehicle or motor vehicle equipment has been remedied according to the manufacturer's instructions.

As stated in Part 573.7, submission of the first of six consecutive quarterly status reports is required within one month after the close of the calendar quarter in which notification to purchasers occurs. Therefore, the first quarterly report will be due on, or before, 30 days after the close of the calendar quarter.

Your contact for this recall will be Sarah Mcshane who may be reached by phone at 202-366-7401, or by email at sarah.mcshane@dot.gov or through the office email at rmd.odi@dot.gov. We look forward to working with you.

Sincerely,

Jennifer Timian
