TURTLE TOP/ODYSSEY XLT/2014
TURTLE TOP/VAN TERRA/2014

Mfr's Report Date: August 17, 2015

NHTSA Campaign Number: 15V-526

Components:

BACK OVER PREVENTION: CAMERA SYSTEM

Potential Number of Units Affected: 14

Problem Description:

Turtle Top is recalling certain model year 2014-2015 Odyssey transit buses manufactured March 12, 2014, to June 30, 2015, 2014 Odyssey XLT transit buses manufactured January 15, 2015, to April 22, 2015, and 2014 Van Terra transit buses manufactured May 6, 2014, to June 30, 2015. The affected vehicles are equipped with a back up camera system which may display images from the camera in reverse.

Consequence:

If an object or person are on the left side of the screen but are actually on the right side of the vehicle, or vice versa, there is an increased risk of a crash.

Remedy:

Turtle Top will work with ASA Electronics to notify owners, and dealers will replace the camera unit, free of charge. The recall is expected to begin during September 2015. Owners may contact Turtle Top customer service at 1-574-831-4340 or ASA Electronics at 1-877-384-4400. Turtle Top's number for this recall is 15E-050.

Notes:

Owners may also contact the National Highway Traffic Safety Administration Vehicle Safety Hotline at 1-888-327-4236 (TTY 1-800-424-9153), or go to www.safercar.gov.

We have received Turtle Top's proposed owner notification letter and it is currently under review. You will be notified of any changes or concerns once our review is complete.

Please be reminded of the following requirements:

Copies of all notices, bulletins, dealer notifications, and other communications that relate to this recall, including a copy of the final owner notification letter and any subsequent owner follow-up notification letter(s), are required to be submitted to this office no later than 5 days after they are originally sent (if they are sent to more than one manufacturer, distributor, dealer, or purchaser/owner).

Please be reminded that under 49 U.S.C. § 30112(a)(3), it is illegal for a manufacturer, to sell, offer for sale, import, or introduce or deliver into interstate commerce, a motor vehicle or item of motor vehicle equipment that contains a safety defect once the manufacturer has notified NHTSA about that safety defect. This prohibition does not apply once the motor vehicle or motor vehicle equipment has been remedied according to the manufacturer's instructions.

As stated in Part 573.7, submission of the first of six consecutive quarterly status reports is required within one month after the close of the calendar quarter in which notification to purchasers occurs. Therefore, the first quarterly report will be due on, or before, 30 days after the close of the calendar quarter.
