Mr. Todd Fronckowiak
Assistant Director, Global Automotive Safety Compliance
Ford Motor Company
Fairlane Plaza South, Suite #500
330 Town Center Drive
Dearborn, MI 48126-2738

NVS-215SM
15V-611

Subject: Transmission can Shift Without Pressing Brake

Dear Mr. Fronckowiak:

This letter serves to acknowledge Ford Motor Company's notification to the National Highway Traffic Safety Administration (NHTSA) of a safety recall which will be conducted pursuant to Federal law for the product(s) listed below. Please review the following information to ensure that it conforms to your records as this information is being made available to the public. If the information does not agree with your records, please contact us immediately to discuss your concerns.

Makes/Models/Model Years:

FORD/F-53/2016
FORD/F-59/2016

Mfr's Report Date: September 28, 2015

NHTSA Campaign Number: 15V-611

Components:

POWER TRAIN:AUTOMATIC TRANSMISSION

Potential Number of Units Affected: 1,477

Problem Description:

Ford Motor Company (Ford) is recalling certain model year 2016 Ford F-53 and F-59 stripped chassis trucks manufactured June 1, 2015, to August 11, 2015. Due to an incorrect shift cable bracket and an improper shift cable adjustment, the affected vehicles can be shifted out of 'PARK' without applying the brakes.

Consequence:

If the vehicle can be shifted into reverse without the brakes being applied, the vehicle may unintentionally move, increasing the risk of a crash.

Remedy:

Ford will notify owners, and dealers will replace the transmission shift control bracket and adjust the transmission shift cable, free of charge. The recall is expected to begin November 9, 2015. Owners may contact Ford customer service at 1-866-436-7332. Ford's number for this recall is 15S25.

Notes:

Owners may also contact the National Highway Traffic Safety Administration Vehicle Safety Hotline at 1-888-327-4236 (TTY 1-800-424-9153), or go to www.safercar.gov.

We have received Ford's proposed owner notification letter and it is currently under review. You will be notified of any changes or concerns once our review is complete.

Please be reminded of the following requirements:

Copies of all notices, bulletins, dealer notifications, and other communications that relate to this recall, including a copy of the final owner notification letter and any subsequent owner follow-up notification letter(s), are required to be submitted to this office no later than 5 days after they are originally sent (if they are sent to more than one manufacturer, distributor, dealer, or purchaser/owner).

Please be reminded that under 49 U.S.C. § 30112(a)(3), it is illegal for a manufacturer, to sell, offer for sale, import, or introduce or deliver into interstate commerce, a motor vehicle or item of motor vehicle equipment that contains a safety defect once the manufacturer has notified NHTSA about that safety defect. This prohibition does not apply once the motor vehicle or motor vehicle equipment has been remedied according to the manufacturer's instructions.

As stated in Part 573.7, submission of the first of six consecutive quarterly status reports is required within one month after the close of the calendar quarter in which notification to purchasers occurs. Therefore, the first quarterly report will be due on, or before, 30 days after the close of the calendar quarter.

Your contact for this recall will be Sarah Mcshane who may be reached by phone at 202-366-7401, or by email at sarah.mcshane@dot.gov or through the office email at rmd.odi@dot.gov. We look forward to working with you.

Sincerely,

Jennifer Timian
Chief, Recall Management Division
