Dear Mr. Chestnut:

This letter serves to acknowledge Spartan Motors USA's notification to the National Highway Traffic Safety Administration (NHTSA) of a safety recall which will be conducted pursuant to Federal law for the product(s) listed below. Please review the following information to ensure that it conforms to your records as this information is being made available to the public. If the information does not agree with your records, please contact us immediately to discuss your concerns.

**Makes/Models/Model Years:**

UTILIMASTER/WALK-IN VAN/2014-2015

**Mfr's Report Date:** October 14, 2015

**NHTSA Campaign Number:** 15V-670

**Components:**

EQUIPMENT:OTHER:LABELS  
TIRES

**Potential Number of Units Affected:** 406

**Problem Description:**

Spartan Motors USA (Spartan) is recalling certain model year 2014-2015 Utilimaster Vans manufactured July 11, 2014, to September 22, 2015. The affected vehicles may be equipped with a Tire placard that indicates the wrong cargo capacity information. As such, these vehicles fail to comply with the requirements of Federal Motor Vehicle Safety Standard (FMVSS) number 110, "Tire Selection and Rims."

**Consequence:**

An incorrect label may result in the vehicle being overloaded which can cause tire failure and increase the risk of a crash.

**Remedy:**

Utilimaster will notify owners and will send a label with the cargo capacity information corrected, free of charge. The recall is expected to begin on November 13, 2015. Owners may contact Utilimaster customer service at 1-800-582-3454. Spartan's number for this recall is 15024.

**Notes:**

Owners may also contact the National Highway Traffic Safety Administration Vehicle Safety Hotline at 1-888-327-4236 (TTY 1-800-424-9153), or go to [www.safercar.gov](http://www.safercar.gov).

We have received Spartan's proposed owner notification letter and it is currently under review. You will be notified of any changes or concerns once our review is complete.

Please be reminded of the following requirements:

Copies of all notices, bulletins, dealer notifications, and other communications that relate to this recall, including a copy of the final owner notification letter and any subsequent owner follow-up notification letter(s), are required to be submitted to this office no later than 5 days after they are originally sent (if they are sent to more than one manufacturer, distributor, dealer, or purchaser/owner).

Please be reminded that under 49 U.S.C. § 30112(a)(3), it is illegal for a manufacturer, to sell, offer for sale, import, or introduce or deliver into interstate commerce, a motor vehicle or item of motor vehicle equipment that contains a safety defect once the manufacturer has notified NHTSA about that safety defect. This prohibition does not apply once the motor vehicle or motor vehicle equipment has been remedied according to the manufacturer's instructions.

As stated in Part 573.7, submission of the first of six consecutive quarterly status reports is required within one month after the close of the calendar quarter in which notification to purchasers occurs. Therefore, the first quarterly report will be due on, or before, 30 days after the close of the calendar quarter.
