Please review the following information to ensure that it conforms to your records as this information is being made available to the public. NISSAN/ROGUE/2015

Mfr's Report Date: November 19, 2015

NHTSA Campaign Number: 15V-775

Components:

POWER TRAIN:AUTOMATIC TRANSMISSION:GEAR POSITION INDICATION (PRNDL)

Potential Number of Units Affected: 33,880

Problem Description:

Nissan North America, Inc. (Nissan) is recalling certain model year 2015 Rogue vehicles manufactured February 10, 2015, to May 13, 2015. In the affected vehicles, due to a problem with the shift selector knob, it may be possible to shift out of the "Park" position without depressing the brake pedal. As such, these vehicles fail to conform to the requirements of Federal Motor Vehicle Safety Standard 114, "Theft Protection and Rollaway Prevention."

Consequence:

If the shift selector can be moved out of the "Park" position while the brake pedal is not depressed, the vehicle may unexpectedly roll, increasing the risk of a crash.

Remedy:

Nissan will notify owners, and dealers will inspect and replace the shift selector knob, as necessary, free of charge. The recall is expected to begin in December 2015. Owners may contact Nissan customer service at 1-800-647-7261.

Notes:

Owners may also contact the National Highway Traffic Safety Administration Vehicle Safety Hotline at 1-888-327-4236 (TTY 1-800-424-9153), or go to www.safercar.gov.

Under 49 U.S.C. § 30112(a), it is illegal for anyone, including a manufacturer, distributor, dealer, or retailer to sell an item of equipment or vehicle that fails to comply with all applicable Federal motor vehicle safety standards.

Please be reminded of the following requirements:

You are required to submit a draft owner notification letter to this office no less than five days prior to mailing it to the customers. Also, copies of all notices, bulletins, dealer notifications, and other communications that relate to this recall, including a copy of the final owner notification letter and any subsequent owner follow-up notification letter(s), are required to be submitted to this office no later than 5 days after they are originally sent (if they are sent to more than one manufacturer, distributor, dealer, or purchaser/owner).

As stated in Part 573.7, submission of the first of six consecutive quarterly status reports is required within one month after the close of the calendar quarter in which notification to purchasers occurs. Therefore, the first quarterly report will be due on, or before, 30 days after the close of the calendar quarter.
